(54) RECORDING SOLUTION

(57) Abstract:

PURPOSE: Ink causing neither clogging at pen points, nozzles, etc., nor sediment at exothermic heads in spite of high dye concentration, having improved stability, containing high purity (*99wt%) disperse dye.

CONSTITUTION: The aimed recording solution using disperse dye having *90wt% purity. This recording solution is suitable for ink jet recording method in which action of heat energy is provided and suitably used for synthetic resin films, sheets, molded articles or (nonwoven) woven fabric containing synthetic fibers.
